

A Joint Purchasing Program For Local Government Agencies

Suburban Purchasing Cooperative Awards 2011-12 Natural Deicing Liquid Contract #119 To Road Solutions, Inc.

The Suburban Purchasing Cooperative, a cooperative of 135 municipalities in the six county area of Northern Illinois, is pleased to announce the award of a one-year contract for Natural Deicing Liquid (beet juice) to Road Solutions, Inc., Indianapolis, IN. Every municipality and government agency in the State of Illinois is authorized to participate in this program.

This contract has been awarded from November 9, 2011 through November 8, 2012. Proposals were submitted by Road Solutions, Inc. and Gasaway Distributors, Inc, with Road Solutions submitting the low priced responsive, responsible bid. The use of large amounts of chloride salts in snow for ice removal has long been recognized as being harmful to the environment. The runoff from this process can contaminate both above and below ground water supplies and harm plants or other materials that corrode or deteriorate when placed in contact with high concentrations of chloride salts, so we are pleased to offer a desugared beet molasses composition that is non-corrosive and environmentally friendly. It can be pumped or sprayed using existing equipment without mixture with additional water or other thinners. Additionally, the beet juice has a low freezing point and flows at low temperatures so it can be sprayed for application at temperatures well below freezing. The natural deicing solution may be purchased in 270 gallon totes, 3000 gallon or 4500 gallon tankers.
