ABOUT THE SPC

The Suburban Purchasing Cooperative is a joint purchasing program sponsored by the Northwest Municipal Conference (NWMC), DuPage Mayors & Managers Conference (DMMC), South Suburban Mayors and Managers Association (SSMMA), and Will County Governmental League (WCGL). Together the SPC represents 142 municipalities and townships in northeastern Illinois.

All public agencies as defined by the Illinois Governmental Joint Purchasing Act, as well as not-for-profit agencies that qualify under Section 45-35 of the Illinois Procurement Code, are eligible to participate in SPC joint purchasing programs.

ILL COMP. STAT. ANN §220/2. Definitions for the purpose of this Act: The term “public agency” shall mean any unit of local government as defined in the Illinois constitution of 1970, any school district, any public community college district, any public building commission, the State of Illinois, any agency of the State government or of the United States, or of any other State, any political subdivision of another State, and any combination of the above pursuant to an intergovernmental agreement which includes provisions for a governing body of the agency created by the agreement.

The SPC exemplifies the benefits of intergovernmental cooperation on a regional basis. The goal of the SPC is to combine the resources and purchasing power of governments and not-for-profit entities to jointly negotiate advantageous contract terms on a line of high quality products at the lowest possible price.

Economies of scale in terms of pricing and staff resources are the prime objectives of the SPC Joint Purchasing Program. By purchasing through the SPC, participants not only save money but time as well. Acting as an extension of the purchaser’s staff, SPC staff works diligently in order to avoid the needless duplication of effort through in-house coordination of several functions involved in the procurement process.

Illinois statues, 525/2 from Ch. 85, par. 1602. (Governmental Joint Purchasing Act), authorizes that any governmental unit may purchase personal property, supplies and services jointly with one or more other governmental units. All such joint purchases shall be by competitive solicitation as provided in Section 4 of this Act.

Since 2007, the SPC Program is centrally operated by the Northwest Municipal Conference with shared program oversight by the SPC Governing Board and SPC Technical Review Committee.

ELECTRICAL LIGHTING & SERVICES

Product Information - Contract #192

The SPC Governing Board is pleased to announce the award of Electrical Lighting, Data/Communication, Networking, Wireless, Security and Related MRO Supplies and Services (Contract #192) to GraybaR, St. Louis, MO by piggybacking onto the Omnia Partners Contract #EV2370 awarded by lead agency, the City of Kansas City, according to the State of Illinois statues, 525/2 from Ch. 85, par. 1602. (Governmental Joint Purchasing Act), which authorizes any governmental unit may purchase personal property, supplies and services jointly with one or more other governmental units. The contract is effective immediately and will expire on January 31, 2023. The contract can then be renewed annually for the duration of the contract, which expires January 31, 2029.

The SPC will work with Graybar to rollout the program in detail to all interested members. In the meantime, we are pleased to announce the soft launch so you can begin utilizing the contract immediately.

Graybar, a Fortune 500 company is a leading distributor of data/communication, networking, wireless, security, electrical and lighting products. OMNIA Partners lowers your overall project and purchasing costs while providing the quality of service and expertise customers expect from Graybar.

Over 4,000 of our associates actively work in support of participating public agencies each year - from locations right down the street. With over $500 million in inventory, material is available when and where our OMNIA Partners customers need it.

Graybar operates a centralized Call Center to support our State/Local Government and Education customers. Call Center agents assist customers on a regional basis and support order requests through local branch or service center inventory.
The program offers their best overall value to a state and local government agency. Graybar/OMNIA has worked with their key Graybar suppliers to negotiate reduced costs wherever possible on frequently purchased items in the core list provided. For items frequently purchased by multiple agencies, our proposal targets 5 - 10% savings to the participants assuming a consistent mix of product purchases.

The contract is good for:

**Electrical:** A complete and comprehensive offering of wholesale electrical supplies such as, but not limited
- Conduit, Wire, Boxes, Fittings, Devices, Enclosures, Fuses, Power Distribution and Control and Related General Electrical Materials

**Lighting:** A complete and comprehensive offering of wholesale lighting products such as, but not limited to:
- Lamps, Ballasts, Fixtures, Controls, all related Lighting and LED Products

**Value Added Services:** A complete and comprehensive offering of value-added services to support products submitted in the vendor's proposal. Services may include, but are not limited to: Assessment, Repair, Renovation, Installation, Testing, Inventory, Emergency, Training and other related services that may be offered by Supplier

**Related Maintenance, Repair and Operation (MRO) and Other Products:** A complete and comprehensive offering of related wholesale MRO and other products to support agency-specific needs

**Graybar Communication/Security Products and Services**
- Data / Communication, Networking & Wireless: A complete and comprehensive offering of wholesale data/communication, networking, and wireless supplies such as, but not limited to:
  - Networking & Wireless, Copper/Fiber Cabling, Connectivity and Termination, Power Backup & Power Protection, Racks, Cabinets and Enclosures, Raceway, and Wire-Way
Security: A complete and comprehensive offering of wholesale security products such as, but not limited to:
- Cameras, Monitoring, Entrance Protection, Fire, and Intrusion

Disaster Preparedness
While disasters or emergencies are not something we like to think about, the reality is they happen — and Graybar is prepared. We have the locations, processes and products available to assist our public agencies in the event of an emergency or disaster. As a leading distributor of electrical, lighting, data/communications, networking and security products, Graybar helps its customers power, network and secure their facilities with speed, intelligence, and efficiency. Graybar can quickly provide the materials necessary in an emergency situation to set up command centers, power-up shelters, set up security systems, repair or replace damaged electrical, lighting and communication systems.

The SPC Governing Board is pleased to announce the award of a combined Office Supplies & Janitorial Supplies Contract (#189) by piggybacking onto the National Cooperative Purchasing Alliance (NCPA) agreement with American Office Products Distributors (AOPD), solicited and awarded by lead agency Region XIV Education Service Center, Abilene, TX according to the State of Illinois statutes, 525/2 from Ch. 85, par. 1602. (Governmental Joint Purchasing Act), which authorizes any governmental unit may purchase personal property, supplies and services jointly with one or more other governmental units. The contract is effective immediately and will expire on May 31, 2020. The contract can then be renewed annually for an additional five years, if mutually agreed on by Region XIV ESC and American Office Products Distributors, Inc. (AOPD).

Warehouse Direct has been a valued vendor for the SPC for over ten years. Combining Office Supplies and Janitorial Supplies onto one contract will simplify ordering for contract participants.

Under this Agreement, all Suburban Purchasing Cooperative members, non-profit and “public agency” participants will be grouped under one Master SPC Account to aggregate all purchases towards volume rebate incentives. Additionally, individual entities will receive up to a 1% e-commerce rebate paid in the form of a credit towards future purchases no later than 45 days from the end of each quarter (40-79% online =0.5% rebate; 80% or more purchased online =1% rebate).

Due to General Motors’ production schedule, the SPC was able to extend the Chevy Tahoe Contract (#185) through the end of their 2020 model year with no price increase. Currie Motors gave us a factory order cut-off date of September 23, 2019, however, General Motors will not begin production on their new 2021 model year vehicles until summer of 2020. Therefore, Currie Motors has agreed to stock 50 2020 Tahoe units (in black or white only) that may be purchased on the SPC contract with no price increases until those units have been depleted. Currie Motors anticipates selling 30-40 stocked units on the SPC contract.

Although two (2) additional one-year contract extensions will remain on Contract #185, Currie anticipates that due to significant product changes, the 2021 vehicle will need to be rebid.
Product Information - Contract #149
2020 Dodge Charger Police Pursuit Vehicle: $21,938.00

The final factory order cut-off date was November 1, 2019.

Fiat Chrysler Automobiles (FCA) just released specifications on the 2020 Dodge Charger Police Pursuit Vehicle, and on October 15, announced that production is already close to being sold out for the model year due to large orders from two states. As a result, 2020 ordering was cut off on November 1, 2019. FCA does not anticipate 2021 model year order acceptance until the third quarter of calendar year 2020.

The Suburban Purchasing Cooperative (SPC) Governing Board is pleased to announce the approval of contract extensions on two popular programs to supply vehicle/truck parts and manage fleet inventory operations. The contract extensions piggyback onto programs offered by the Sourcewell (formerly NJPA), a Staples, Minnesota based national municipal contracting agency and run from February 8, 2019 through February 7, 2021. Sourcewell was created by Minnesota law as an Educational Cooperative Service Unit (Independent School District #924) to serve education and government entities with solutions, as outlined in Minn. Stat. 123A.21, which are more efficiently delivered cooperatively than by an entity individually. As a service cooperative, Sourcewell is a governmental unit of the State of Minnesota, all Sourcewell employees are government employees.

Product Information - Contract #168
NAPA IBS Sourcewell Contract #061015-GPC (SPC Contract #168) supplies on-site and offsite vendor managed inventory operations with government fleet and warehousing facilities. NAPA-IBS can provide key added-value assistance to government fleet organizations to help their shop’s parts operation run smoothly and efficiently. NAPA Auto Parts, utilizing their own resources and strategic partnerships with numerous additional local and national resources, currently provides parts, service and expertise necessary to provide a reliable and complete “dedicated” on-site source of repair parts and services for Sourcewell/SPC members to:
• Achieve a significant reduction in administrative procedures
• Reduce transactional costs through centralized billing across multiple vendors
• Deliver increases in on-demand parts availability
• Drive increases in fleet technician performance
• Reduce vehicle downtime in fleet operations
• Eliminate obsolete parts and shrinkage costs through efficient parts room management technologies
• Significantly reduce the cost of parts and warehouse inventory ownership

Provide a turn-key sourcing solution service that will enable government agencies to operate repair and warehouse facilities more efficiently, resulting in savings of funds through cost avoidance

NAPA Parts Sourcewell Contract #062916-GPC (SPC Contract #169) brings more than 400,000 NAPA Parts and Accessories to contract purchasing. NAPA is the leader in automotive & truck replacement parts, auto-body & paint products, tools & equipment, specialty parts, accessories and service items. Two-hour delivery is generally available throughout the U.S. from 6,000 stores in all 50 states. Non-locally stocked products generally ship next day from one of 59 distribution centers. Utilizing Sourcewell’s national, competitively solicited contract gives technicians the parts they need, when they need them, saving time and money while satisfying all SPC bidding requirements.
