ABOUT THE SPC

The Suburban Purchasing Cooperative is a joint purchasing program sponsored by the Northwest Municipal Conference (NWMC), DuPage Mayors & Managers Conference (DMMC), South Suburban Mayors and Managers Association (SSMMA), and Will County Governmental League (WCGL). Together, those organizations represent 145 municipalities and townships in northeastern Illinois.

All public agencies as defined by the Illinois Governmental Joint Purchasing Act, as well as not-for-profit agencies that qualify under Section 45-35 of the Illinois Procurement Code, are eligible to participate in SPC joint purchasing programs.

Illinois statutes, 525/2 from Ch. 85, par. 1602. (Governmental Joint Purchasing Act), authorize that any governmental unit may purchase personal property, supplies and services jointly with one or more other governmental units. All such joint purchases shall be by competitive solicitation as provided in Section 4 of the Act.

The SPC exemplifies the benefits of intergovernmental cooperation. The goal of the SPC is to combine the resources and purchasing power of governments and not-for-profit entities to jointly negotiate advantageous contract terms on a line of high-quality products at the best possible price.

Economies of scale in terms of pricing and staff resources are the prime objectives of the SPC Joint Purchasing Program. By purchasing through the SPC, participants not only save money but time as well. Acting as an extension of the purchaser's staff, SPC staff works diligently in order to avoid the needless duplication of effort through in-house coordination of several functions involved in the procurement process.

The SPC's portfolio of cooperative purchasing contracts and strategic alliances make the SPC an invaluable resource for eligible entities. Our competitively-solicited supplier contracts streamlines the purchasing process to help local government agencies achieve their strategic goals.

SPC programs provide public agencies and not-for-profit entities with access to contracts for goods and services at pre-negotiated rates or prices. The participating agency then purchases the goods or services with contracted vendors by placing purchase orders or entering into contracts based on the SPC rates or prices directly with the vendors.

ELECTRICAL LIGHTING & SERVICES

Product Information - Contract #192

The SPC Governing Board is pleased to announce the second contract extension of Electrical Lighting, Data/Communication, Networking, Wireless, Security and Related MRO Supplies and Services (Contract #192) to GraybaR, St. Louis, MO by piggybacking onto the Omnia Partners Contract #EV2370 awarded by lead agency, the City of Kansas City, according to the State of Illinois statues, 525/2 from Ch. 85, par. 1602. (Governmental Joint Purchasing Act), which authorizes any governmental unit may purchase personal property, supplies and services jointly with one or more other governmental units. The contract can be renewed annually for the duration of the contract, which expires January 31, 2029.

Graybar, a Fortune 500 company is a leading distributor of data/communication, networking, wireless, security, electrical and lighting products. OMNIA Partners lowers your overall project and purchasing costs while providing the quality of service and expertise customers expect from Graybar.

Over 4,000 of our associates actively work in support of participating public agencies each year - from locations right down the street. With over $500 million in inventory, material is available when and where our OMNIA Partners customers need it.

Graybar operates a centralized Call Center to support our State/Local Government and Education customers. Call Center agents assist customers on a regional basis and support order requests through local branch or service center inventory.

The program offers their best overall value to a state and local government agency. Graybar/OMNIA has worked with their key Graybar suppliers to negotiate reduced costs wherever possible on frequently purchased items in the core list provided.

For items frequently purchased by multiple agencies, our proposal targets 5 - 10% savings to the participants assuming a consistent mix of product purchases.

The contract is good for:

Electrical: A complete and comprehensive offering of wholesale electrical supplies such as, but not limited

- Conduit, Wire, Boxes, Fittings, Devices, Enclosures, Fuses, Power Distribution and Control and Related General Electrical Materials

Lighting: A complete and comprehensive offering of wholesale lighting products such as, but not limited to:
